Subject: Calibration - A One Stop Shop.....

CALIBRATION NEEDS - A ONE STOP SHOP

[View this email in your browser](#)

NABL CERTIFICATE NO

MECHANICAL : C-0411

THERMAL : C-534

ELECTRO-TECH : C-0533

NABL ACCREDITED CALIBRATION LABORATORY

DIMENSIONAL CALIBRATION :

Calipers, Micrometers,
Height gauges, Bore
Gauges, Depth
Gauges, Dials, Thread
Gauges, Plug/Ring
Gauges, Thickness
Meters, Foils, Sieves
and so on.... from
microns to 2000mm....

PRESSURE CALIBRATION :

Dial/Digital Pressure,
Vaccum Gauges,
Pressure Trasmitters,
Pressure Switches,
Safety Valves,
Manometers, Mcload
Gauges, High Vaccum,
Magnahelic Gauges
and so on.....from -
760mmHg to 700
Bar.....

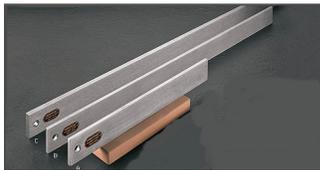

MASS / WEIGHTS / WEIGHING BALANCE CALIBRATION :

Analytical Weights,
Bullion Weights, F1
Class Weights, Cast
Iron Weights, Weighing
Balances and so on...
from 1mg to 200kg....

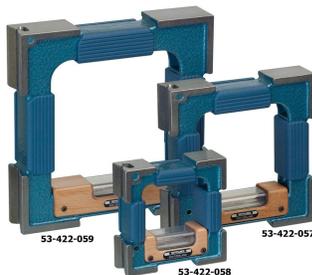

SURFACE PLATE

CALIBRATION : Using Digital Electronic Spirit Level with Better Precisions....

STRAIGHT EDGE

CALIBRATION : Using Electronic Precise Level upto 2000mm...

SPIRIT LEVEL

CALIBRATION : All types of Analog and Digital Spirit Levels.....

TORQUE CALIBRATION :

Torque Wrenches, Dial Torque Wrenches... From 2Nm to 2000Nm.....

UTM / TTM / CTM / HARDNESS / IMPACT / EXTENSOMETER

CALIBRATION : All types of Force and Hardness testing Machines with Extensometers and as per IS / ASTM Standards from 50N to 2000kN... includes Rockwell, Brinell, Vicker and Micro Vicker Hardness

VOLUME CALIBRATION :

Laboratory Glasswares, Volumetric Glasswares, Burettes, Pipettes, Flasks, Cylinders, Micro Pipettes, Measuring Canes and so on... from microliter to 5 Liters.....

DENSITY HYDROMETERS / BAUMI METERS / SPECIFIC GRAVITY METERS :

Used to measure density of various liquids in the field and laboratories....

ELECTRICAL INSTRUMENTS :

Voltmeter, Ammeter, Panel Meters, Frequency Meters, Multimeters, Welding Machines, Clamp Meters, HV Testers, CT*, PT*, Dividers*, Process/Loop Calibrators, Temperature Test Kits, Resistnace Meters, Microphmmeters....and so on....

ENERGY : Energy Meters, Electricity Meters, Watt-Hour Meters.....

Testers.....Impact Testers.....

POWER CALIBRATION :

Power Meters, Watt Meters, Power Analysers....

OVENS / FURNACES / COLD ROOMS / COLD CHAMBERS / REFRIGERATORS / FREEZERS ... MAPPING /CALIBRATION/ VALIDATION...

TEMPERATURE CALIBRATION / MAPPING / VALIDATION :

All types of Temperature Indicators, Loggers, Scanners, alongwith Thermocouples, Sensors, Glass thermometers, Temperature Transmitters... also facility for Mltipoint Calibration/Validation/Mapping as per API.. from -196 to 1200 deg C.....

HUMIDITY / HYGROTHERMOEMTER CALIBRATION / VALIDATION / MAPPING :

Hygrothermometers, Humidity Scanners, Humidity Chambers Validation / Mapping

TRAINING INSTITUTE

: We have Training Institute with annual calender, provides trainings on Calibration, Measurement Uncertainty, ISO 17025 (NABL Std.) awareness and Internal Audit for Industries....By Professional and NABL assessors.....

ASSURED RESULTS :

We use precise instruments for accurate results

TRAINED/QUALIFIED

STAFF : We have Experienced and Qualified Staff regularly gets updated with continuous trainings.

**COLD ROOMS /
COLD CHAMBERS /
REFRIGERATORS /
FREEZERS ...
MAPPING
/CALIBRATION/
VALIDATION...**

**Now Offering
Pick Up & Delivery
Service**

We offer Free Pick up and Delivery within radius 60kms of our location**
